

## Roger Ghost

Roger Ghost è un divano lineare che nasce dal sistema di sedute componibili Roger, con cui condivide il concept originario: accogliere nel suo "essere semplice" - etimologicamente, "essere piegato una sola volta" -, con una superficie continua, quasi ininterrotta, che cambia direzione per avvolgere in modo rassicurante, dentro un'eleganza disegnata da linee essenziali e morbide.

Roger Ghost is a linear sofa that evolves from the Roger modular seating system. It shares the original concept of welcoming simplicity - etymologically meaning "to be folded only once." Its design features a continuous, almost uninterrupted surface that changes direction to create a reassuring embrace, all while maintaining an elegance defined by essential, soft lines.
